

NESSLY PLANS FOR ENLARGING BUSINESS

J. L. Nessly, of J. L. Nessly & Co., agents for the Sugar Products company, New York, returned Monday night from New York where he conferred with officials of the company on plans for extending the company's business here. Through the local distributing plant, erected this year, to handle blackstrap molasses for the mixed feed industry in this territory, the Nessly company has been distributing about 1,000 cars of blackstrap molasses per month, but this amount has proved insufficient to meet growing requirements of mixed feed manufacturers here.

Although there is a shortage in this grade of molasses, Mr. Nessly was given assurance that the supply for Memphis would be increased. Arrangements were also made to extend the line handled here to include refined sugar, syrups, Cuban honey and various other Cuban products. These products will be brought to Memphis from New Orleans by boats owned by the company.

Plans announced some time ago for the building of a reinforced concrete warehouse, 100,000 feet, at the company's docks at the foot of Wisconsin avenue, will be resumed, Mr. Nessly said, to provide facilities for handling return cargoes of freight.

FLORIDA GROCERS KICK UPON EXPRESS BOOSTS

A letter has been received by the Chamber of Commerce, Association of Miami, Fla., calling the attention of the postal chamber, to the recent hearing by the interstate commerce commission of the proposed increase in express rates.

It is claimed in the letter that the evidence given at the hearing showed that the service of the express companies since the last rate increase was granted to them by the interstate commerce commission, had been below the standard previously set by the commission. Several letters have been received by the local commercial organization asking that they be moved to block another granting of a higher express rate.

HUSBAND SLAYER IS HELD WITHOUT BAIL

WINFIELD, Kan., July 27.—Mrs. Grace Wilson, under a charge of first degree murder for the death of her husband, Homer S. Wilson, is being held without bond for preliminary hearing Thursday.

Wilson, widely known throughout the Southwest as a cowboy and exhibition roper, was shot and killed Sunday on a country road near here.

Charles Ridgeway and Edward Glass, ranchmen, who were passengers in Wilson's motor car, declared, according to authorities, that Mrs. Wilson killed her husband during a quarrel over which one would drive the car.
